WHAT IS TRACK SPORTS?

The Bend & Mallala's self-promoted events, providing motoring clubs and racing categories with a cost-effective way to compete or participate, utilising the expert services offered by The Bend.

HOW DOES IT WORK?

Your club or motorsport category purchases a 'track slot', giving participants up to 390 minutes of total track time spread throughout the day or night. Each club can choose the format of the track activity. Multiple clubs/associations can participate in each event, creating an exciting and diverse day of motorsport.

Track Sports explodes into life in 2025, featuring nine key events across three circuit configurations, challenging newcomers and seasoned competitors alike across Track, Sprint and Race formats.

Competitive hire fees, simplified entry process and increased track time are the core values of Track Sports, all combined with the world leading facilities and hospitality offered by the Shell V-Power Motorsport Park.
